

**Scientific Programme of WBOACON 2012 : Berhampore**  
**Venue – Rabindra Bhaban, Berhampore, Murshidabad**  
**Date : 10<sup>TH</sup> February to 12<sup>th</sup> February 2012**

**11<sup>th</sup> February, Saturday**

08.00 – 09.00 **Registration & Breakfast**

08.30– 10.30 **Siliguri Best Paper Award Session : Presentation : 8 minutes & discussion : 2 minutes**  
**Chairpersons Dr. Tapan Chattopadhyay Dr. Dipak Roychowdhury**

1. Active dorsal spine with myelopathy- is anterior surgery necessary ?- A review of 48 cases –  
Dr. Joy deep Ghosh Park Clinic
2. Evaluation of results of spinal stabilization in surgical management of caries spine with complication-  
Dr. Vikas NRSMCH.
3. Cadaveric study to justify implant size and prevent overlengthening in radial head arthroplasty -  
Dr. Mandar D Purohit CMC
4. Reverse dome osteotomy in cubitus varus: A new treatment modality with newer possibilities  
Dr. Kousik Nandy CMC
5. Reverse V Osteotomy for correction of Cubitus Varus and Valgus deformity –  
Dr. Aninda Dutta BORRC
6. Delayed presentation of cervical facet dislocation Dr. Amitava Biswas Park clinic.
7. Effectiveness of modified boytchev procedure in recurrent anterior dislocation of shoulder irrespective of the lesion  
Dr. Prasenjit Dutta NRSMCH
8. Out Come of Primary Cemented Hemi – Arthroplasty in unstable trochanteric Fracture in elderly patients. –  
Dr. N.Kire. CMC
9. Outcome analysis following medicalopenwedge High tibial osteotomy in osteoarthritis of knee.  
Dr. Prabir Kumar Bala.CMC.
10. A new method of treatment of old neglected dislocated elbow by cruciate-like ligament reconstruction.  
Dr. Soumya Paik IPGMER
11. Internal fixation of fracture shaft of clavicle  
Dr. Somnath Chowdhury BORRC.

10.35 – 11.35 **Prof A. K. Saha Memorial Oration.** Chairpersons: Dr. M.M.Ray, Dr. Amit Guha  
Orator: **Prof.. Shamal Das De**  
.. ... Topic: **Future of Orthopaedics in the Next Decade.**

11.40 – 12.10 **Prof. K. S. Bose Memorial Oration.** Chairpersons: Dr. M.M.Ray, Dr. Amit Guha  
Orator: **Prof. Bhaskaranand Kumar**  
Topic: **Creation of a Thumb**

12.15 – 12.35 **Past President's lecture** Chairpersons: Dr. M.M.Ray, Dr. Amit Guha  
Orator: **Dr. Protyush Chatterjee**  
Topic: **Myths & Maladies**

12.35 – 12.45 **Rehabilitation Session.** Chairpersons: Dr. Dilip Kumar Mazumder Dr. N.K.Dey  
**Rehabilitation of post-traumatic stiff knee**  
Conservative Management : Dr Sanjay Keshkar  
Operative Management : Dr Swarnendu Samanta.

- 12.45 – 13.35 **Free Paper Session I Arthroplasty**  
**Chairpersons: Dr. P.K.Banerjee Dr. N.D. Chatterjee**  
**[Presentation for 7 minutes]**
1. Conversion arthroplasty following failed trochanteric fracture fixation –  
Dr. Indranil Pal Apollo Gleneagles Hospital.
  2. Is computerized navigation really required for standard case of TKR-  
Dr. Arnab Kundu. Nightingale hospital.
  3. Revision of THR .....our experience...Dr. Sanjay Kumar, NRSMCH
  4. Experience of functional status of resected elbow following removal of total elbow prosthesis  
Dr. A.K.Pal
  5. Total elbow replacement as a salvage procedure in sideswipe injury  
Dr. Debadyuti Baksi
- [Discussion for 10 minutes]**
- 13.40 - 14.40 **Free Paper Session II Trauma Upper Limb**  
**Chairpersons: Dr. Anil Kumar Chaudhuri Dr. Saumitra Mishra**  
**[Presentation for 7 minutes]**
- 1) Analysis of results of internal fixation of clavicular fracture in adults –  
Dr. Prasenjit Dutta NRSMCH
  - 2) Complicated lower radius fracture – Early results of a newer implant.  
Dr. Rajesh Kumar More Nightingale hospital
  - 3) Out come of functional cast brace in diaphyseal fracture of shaft humerus.  
Dr. Rabindra Nath Dey. CNMCH
  - 4) Double tension band wiring – an effective fixation for adult supracondylar fracture of humerus. –  
Dr. Haripada Giri.
  - 5) Prospective study of open fractures with bone loss treated with limb reconstruction system(LRS)  
Dr. S. Das IPGME&R
  - 6) Prevention of late collapse in comminuted distal radial metaphyseal fractures in elderly patients  
with operative fixation and synthetic bone grafting .-  
Dr. Sumit Karak. NRSMCH
  - 7) Outcome analysis of Early Brachial Plexus Exploration and nerve Transfers/Grafting  
Dr. Ashwath Acharya( Manipal)
- [Discussion for 10 minutes]**
- 14.40 -15.00 **Poster Session:**  
**Chairpersons: Dr. Debdutta Chatterjee Dr. A.K.Pal**  
[ Presentation for 3 minutes (5 slides max)]  
**5 presenters judged top 6 are to present their posters in this session.**  
[ Discussion for 5 minutes]
- 15.05 – 15.20 **Conference Lecture:**  
**Chairpersons: Dr. Tapan Kumar Maitra Dr. Indrajit Sardar**  
**Orator: Prof. Bhaskaranand Kumar**  
**Topic: How not to miss Carpal Injuries**
- 15.25– 15.40 **MRI Shoulder- made easy for orthopaedicians.**  
**Presentation by Dr. Debasish Chatterjee.**

15.45 – 16.30 **Paper by Exchange Fellows**  
**Chairpersons: Dr.Nirmal Dey**  
[Presentation : 6 minutes]  
  
[Discussion : 10 minutes]

4.30pm. *G. B. Meeting followed by Cultural Program & Presidential Dinner*

## **12th February, Sunday**

08.00 –08.55 **Free Paper Session - III Spine**  
**Chairpersons: Dr. Nupur Dutta Dr. Indrajit Sardar**  
[ Presentation for 7 minutes ]

1. Cervical Laminoplasty – a smart way to treat cervical spondylotic myelopathy  
Dr. Chinmoy Nath
2. Correlation of Results of Management of Dorso-Lumber Spine Injury with cerebrospinal fluid Biomarkers .-  
Dr. Krishnapada Sardar
3. Results of short segment pedicular screw fixation through posterior Aproach in Dorsolumbar Spinal injury. -  
Dr. Bappaditya Ghosh
4. Anterior decompression in Thoracolumbar caries spine -----our experience -  
Dr. Kiran Kumar Mukhopadhyay
5. Morphometric Study of pedicle of dorsal Spine in Bengali patients – Dr. Dinesh Jaiswal

[ Discussion for 10 minutes.]

09.00 -09.35 **Free Paper Session - IV Arthroscopy**  
**Chairpersons: Dr. Kanchan Bhattacharya Dr. Debasis Chatterjee**  
[ Presentation for 7 minutes]

1. Comparative evaluation of various fixation techniques in arthroscopic repair of ACL avulsions-  
Dr.M.N.Basu Mallik.
2. Arthroscopic capsular release for idiopathic , adhesive capsulitis –  
Dr.Abheek Kar Apollo Gleneagles Hospital
3. Is computerized navigation really required for standard case of TKR-  
Dr.Arnab Kundu. Nightingale hospital
4. Arthroscopic ACL reconstruction using bone – patellar tendon bone autograft and interference screws- A study of 136 Cases  
Dr. Dipankar Mukhopadhyay. NRSMCH

[ Discussion for 7 minutes.]

09.40 – 10.30 **Free Paper Session – III Trauma Lower Limb**  
**Chairpersons: Dr. Anjan Pan Dr. Somnath De**

**[ Presentation for 7 minutes ]**

- 1) Short term evaluation of internal fixation with valgus osteotomy in displaced intracapsular fracture neck of femur. - Dr. Chandrakanta Nayak NRSMCH
- 2) Evaluation of Results of Proximal Femoral Nailing in Subtrochanteric Femoral Fractures and Causes of Failure During Intra operative And Post Operative Period. – Dr. Himadri Shekhar Bala NRSMCH
- 3) Our experience in proximal tibial fracture. – Dr. Sudesh Saha
- 6) Management of complex proximal femoral fractures - Dr. Debajyoti Bose
- 7) Infected non-union of long bones – primary union with EX-Fix Dr. Somnath Mukherjee BORRC

**[Discussion for 10 minutes.]**

10.30 – 11.00 **Panel Discussion: What is to be done ?**  
**Panelists: Dr.I Sardar , Dr.J.Pal , Dr.T.K.Maitra**

11.00 – 11.35 **Free Paper Session - VI Pelvi acetabular fracture**  
**Chairpersons: Dr. Samir Kumar Mukherjee Dr. S. Samanta**  
**[ Presentation for 7 minutes ]**

1. Pelvi actabular fracture-my experience Dr Kunal Sengupta
2. Young and burgess combined mechanism type pelvic ring fracture treated with only posterior fixation - a 20 month follow up. Dr.Arul Jothi.V.CNMC,
3. Spring Plate-An Effective Tool In The Management Of Posterior Wall Fracture Of Acetabulum – Dr. Sujit Nandi

**[ Discussion for 5 minutes.]**

11.40 – 12.30 **Free Paper Session – VII Miscellaneous**  
**Chairpersons: Dr. Protyush Chatterjee Dr. Debajyoti Bose**  
**[ Presentation for 7 minutes]**

1. Incidence of deep vein thrombosis following fracture and surgery of lower limbs.- Dr. Anjan Sengupta. CMC
2. Recurrent Anterior dislocation of shoulder -A new concept....Dr. A K. Garg
3. High Tibial Osteotomy in Osteoarthritis of Knee closed open wedge study. Dr. J .J. Dhara
4. Correlations of clinical findings, MRI finding and preoperative finding in intervertebral disc .. prolapse – Dr. S. Ray IPGMER
5. Role of platelet rich plasma mixed with bone grafting in long bone nonunions Dr. S.Mandal IPGME&R
6. Soft Tissue reconstruction in complex open injuries. Dr. Sumon Dutta BORRC
7. Role of anatomical variation in de-Q disease & its recurrence – evaluation of cadaveric & ultrasonographic studies Dr.Amlanjyoti Roy
8. A short case series of bilateral deltoid contracture treated by proximal and distal release Dr. Sourav Saha CNMC

**[ Discussion for 10 minutes.]**

Please note that discussion will be done at the end of any free paper session and restricted to questions submitted ' IN WRITING ' to the chairpersons when the session is in progress.

All presenters to be present in the dias at the end of the session.

## **LIST OF POSTERS.**

**Chairperson : Dr. Debdutta Chatterjee Dr. A.K.Pal**

- 1) Results of infected nonunion of shaft femur fracture in a 10 yrs. Old Male Child -  
Dr. Monirul Hoque
- 2) Caffey Disease of Both Bone Fore-Arm (Left Side) in 4 Years Old Girl –A Rare Case Report  
Dr. Nabarun Saha
- 3) THR in a case of 30 yrs. Old Non-united # Neck Femur with deformed Acetabulum  
Dr. Krishnapada Sardar
- 4) Results of Bone Marrow injection in case of non-union of fracture humerus  
Dr. Samik Sinha
- 5) Follow up case of fracture neck femur treated with a muscle bone graft using tensorfascialata.-  
Dr. Chandrakanta Nayak.
- 6) Infected implant by tuberculosis – a common problem with uncommon Organism-  
Dr. Ritwik Ganguli.
- 7) Anterior dislocation of Elbow – A rare occurrence – A case report-  
Dr. Asish kr. Mandal
- 8) 6months follow up of a C/o fibrous dysplasia of left humerus treated with curettage and fibular  
grafting. –  
Dr. R. Ranjan IPGME&R
- 9) A case of Pathological fracture of shaft femur treated with ilizarov ring fixator -  
Dr.Rajesh Hingwe CMC
- 10) A case of posterior dislocation of the hip joint with femoral head fracture, A rare incidence.  
Dr. Arindam Mukherjee B M C
- 11) Chondro Blastoma of talus ; a rare state of ales common tumour : A case report  
Dr. Soumaya kanti Bhattacharjee CMC
- 12) A case report of periosteal enchondroma of left lat malleolus:  
Dr. Snatanu Mandal CNMCH
- 13) Cervical laminoplasty for multilevel cervical myelopathy  
Dr. Subhadip Mandal NRSMCH
- 14) A cystic lesion of talus in a 20 year old male- a case report- Dr. Aniruddhya Das.NRSMCH
- 15) Medial Hoffa fracture Non Union – A case report Dr. Kunal Kanti Pal MCH
- 16) Hydatid disease of Tibia Dr. Anjan Sengupta CMC
17. Parathyroid adenoma presenting with pathological fracture of bilateral neck of femur a case  
report  
Dr. Prasenjit data NRSMCH
18. "proximal tibial reconstruction with patellar graft in a 30 yrs old male"  
Dr.saikat sarkar, Apollo Gleneagles
