IMAGING ORTHOPODS

//28 MAY- 02 JUNE , 2024

///3:00PM-8:00PM

PHOTOGRAPHIC EXHIBITION BY
ORTHOPEDIC SURGEONS

Birla Academy of Art and Culture
108, Southern Avenue, Kolkata- 700029

Over ZOOM, because physical meetings are rare for orthopaedic surgeons, except conferences, an idea found some supporters.

All had travelled frequently, all had cameras, all loved freezing the moments, or recording animals, birds, landscapes, buildings, mountains, seas and rivers or brooks, skies or people and of course food and liquids. They travelled to many places, loved meeting people, and cultures and imbibing them. Mostly with smiles and dreams. They captured what they saw. They loved to exhibit their vision and create a record of the world they lived in. They open up eyes that were closed and hearts yearning to live.

That is why IMAGING ORTHOPODS continues to its THIRD YEAR.

All for making the world a better place for those that are deprived, and of course, for spreading happiness.....

KOLKATA ARTHROPLASTY 2024

A report from the desk of organizing secretary ...

With the advancement of medical science, average life expectancy of of generally increases day by day .As a result the number of geriatric populations is exponentially increasing . Primary osteoarthritis of weight bearing joints, specially hip & knee is now became a pandemic. Most of them required arthroplasty (joint replacement) in advanced cases. So now a days joint replacement is not a luxury, it's a necessity for the society .

But the expenditure of arthroplasty is in the higher side & most of the time is beyond the reach of common people .To offer the modernized arthroplasty service with very subsidized rate, that is usually within reach of middle/ low socioeconomic group, Ramakrishna Mission Seva Pratishthan emerged with well equipped modular operation theater,ornamented with laminar air flow & heap filter last year. As a result the number of arthroplasty surgery is in a rising trend in our institute.

To refresh our knowledge & train up our PGTs & junior colleagues in more comprehensive way Department of Orthopaedics, Ramakrishna Mission Seva Pratishthan organised KOLKATA ARTHROPLASTY 2024 at Hotel Hindusthan International on 15.06.2024.It was a unique, purely academic event, consists of two state of the art lecture sessions (series of eight) covering different fundamental aspect of hip & knee arthroplasty .We also arranged two hands on work stations, one for hip & another Knee replacement on dry bone models .Which were very much appreciated .

In the inaugural ceremony Dr.Dipak Kumar Jha, Patron, discussed about contributions of our department in orthopaedic society in the past. Dr.Prashanta Kumar Pujari, Chairman, spoke regarding teaching ,training & treatment environments are currently available in our department. Dr.Indrajit Sardar, chief guest, highlighted the importance of arthroplasty in modern era & its future .

We expressed our worm regards to West Bengal Orthopaedic Association, for their unconditional supported .We were also very much grateful to Stryker India Pvt. Ltd. For their constant assistance as academic partner to run the show .28 eminent arthroplasty surgeons from eastern part of India spared their valuable time, to enrich other, in spite of their busy schedule. Total number of participants were 73 from different corner of our state & the overwhelming enthusiasm on their faces reveled the success of the academic endeavor.

Last but not the least we are looking forward to organize such academic activity from our department, more& more in number with much higher encouragement in future.

Dr. Anirban Bhattacharya

Department of Orthopaedic,RKMSP VIMS,Kolkata
