PRESIDENT'S DESK

Dadathakur, the wittiest Bengalee ever, used to say that news is called news because it provides you 'khobor(news)' from the North, East, West & South. In other words, from everywhere.

This newsletter, the first one of the current EC attempts to do just that. Orthopaedics, especially the quality orthopaedic care, is being provided by our members from all the regions of our state. That has become an excellent trend in the last few years. The upliftment is the pleasant result of a combination of very enthusiastic young brigade keen on learning and highly active EC, especially the Scientific Committee that provided the

learning platform in the decade of 20-20.

WBOA has progressed significantly in the last decade so that our members are consistently present in the faculty lists of prestigious & highly popular orthopaedic events like Ganga Hospital courses and Pune courses. Next logical step is to increase the researchwork and publications by our members. And I am not talking about obligatory publications (like those needed for promotions). Every patient we see (however routine and ordinary the case might be) generates data. That data can be utilised for meaningful and publishable work someday, somewhere.

A few years back I requested our EC to form a research wing of WBOA and the EC agreed. I am happy to say that the wing has become a reality. My next request was to form WBOA's own Ethics committee so that the researchers not working in any teaching institute can submit their work for review and approval. That is also taking shape and primary registration in Deptt of Health Research has already been processed. Now is time to orientate ourselves towards generating research questions, collecting data and devote some time towards preparation and publication with the assurance that the research wing is always there to provide active assistance.

Its my sincere request to our members to interact among themselves and to the EC, to attend (and take advantage of) the plethora of academic programs offered by WBOA and various affiliated bodies like KASS, SSWB, AOTS and the orthopaedic clubs/societies to enrich all. After all, learning is a multidirectional, multidimensional process.

WBOA has started its Trauma Fellowship. Bhattacharya Orthopaedics & Related Rehabilitation Centre, one of the first exclusive centre for orthopaedic care in eastern India, has come forward to make the WBOA-BORRC Trauma fellowship a reality.

Aligned with the IOA Presidential theme, upcoming Bone and Joint week is to be dedicated to the elderly ortho care. A scoring system is being finalised to assess the performance of different state chapters of IOA. Its our collective duty to formulate, execute and inform various activities aligned with this noble theme.

Its a gloomy, rainy week we are passing through now. But I can envisage a bright, sunny future. A bright, sunny future for our beloved WBOA I am referring to. Only you can shape it that way.

Long live IOA.
Long live WBOA

Dr. G.G. Kar
President, WBOA

SECRETARY'S DESK

Dear esteemed members of West Bengal Orthopaedic Association,
I am honored to serve as the Honorary Secretary of West Bengal Orthopaedic Association, the state chapter of Indian Orthopaedic Association. As we embark this journey together, I am committed to upholding the values of our association and working tirelessly to advance the field of Orthopaedics in our state.

I believe that collaboration and communication are key to our success and I encourage each and everyone of you to actively participate in the activities initiatives of our association. Your expertise, insights and dedication are invaluable assets that will help us achieve our collective goals.

I truly appreciate the dedication and hard work of district ortho clubs and orthopaedic societies under the aegis of WBOA in promoting education, research, and social activities in the field of orthopaedics. Their efforts in organizing events, workshops, conferences , social and national program s are instrumental in advancing the knowledge, skills ,dignity of orthopaedic professionals.

I look forward to working closely with all of you to organize educational events, promote research and innovation & enhance the quality of orthopaedic care in West Bengal & contribute to the growth and development of our specialty.

Thank you for your support and I am excited about the possibilities that lie ahead for us as members of West Bengal Orthopaedic Association.

Dr. Sabyasachi Santra
